## FIERCE BATTLES TWO PARTIES IN RAGING BETWEEN TEUTON AND SLAV STATE ELIMINATED

NEITHER PROGRESSIVE OR PROHIBITION PARTY CAST NECESSARY 27 PER CENT OF VOTE

KAISER HASTENS TO GALICIA  
TO SPUR HIS MEN ON TO EXTRA EFFORTS

ITALIANS HAMMER AT GATES OF TRIEST

ALONG THE SERETH SLAVIC HORDE POURS, WHILE AUSTRIANS FLEE

London, Aug. 15.—The kaiser is again on the eastern front, where the Teutons are struggling desperately to withstand the Russians in Galicia and Volhynia.

Apparently the struggle is at a standstill in Volhynia, but the onward sweep of the Russians in Galicia is continuing rapidly.

The Zeta-Lipa railway line, to which the Austrians have fallen back, apparently is not destined to be held long. Petrograd reports crossing it at several points, menacing Gun Letchitzky's flanks. Further south Gen Letchitzky's troops continue to advance toward Halicz.

Along the Galician front the Russian sweep continues uncheckered, the official announcement of today states. Further gains have been made on the upper Sereth. In the region of the Middle Stripa and the Koropets the Austrians are being pursued by the Russians, who reached the northern bank of the Dniester before Mariampol. Both banks of Von Bohm's army on Lemberg front are hard pressed.

Italians Knock at Doors of Triest.

Geneva, Aug. 15.—The Italians are within thirteen miles of Triest, from whence the Austrian fleet has sailed for an unknown destination, according to telegrams received today. The evacuation of Triest is under way.

Berlin Admits Loss of Trenches.

Berlin, Aug. 15.—After many attacks of greatest violence last night and to day, the British obtained a footing in the first line German trenches on the Thieulau-Pozieres front, in the Somme district, it was officially announced by the German war office today.

Austrians Evacuate Tolmino.

Paris, Aug. 15.—The Italians have entered the suburbs of Tolmino, according to a Turin dispatch, which says the Austrians are evacuating.

83,000 Men Taken.

London, Aug. 15.—The Reich, in its summary of the prisoners and booty taken by the Russians during last week's operations, estimated that 83,200 men and 1,739 officers were captured and sixty-nine guns and 32 machine guns and bomb-throwers taken by Generals Letchitzky, Scherbachoff and Sakaroff.

Berlin says that south of Brody on the Lub and Grabecka sector Russian attacks were put down with heavy losses and that Russians who had penetrated Teutonic positions on the Zboroff-Kinjucy line northeast of Tarnopol were driven off and 300 of them taken prisoner.

According to Vienna, a Russian attack southward of Podkamien near Brody, ended with the field before the Austro-German positions covered with Russian lead.

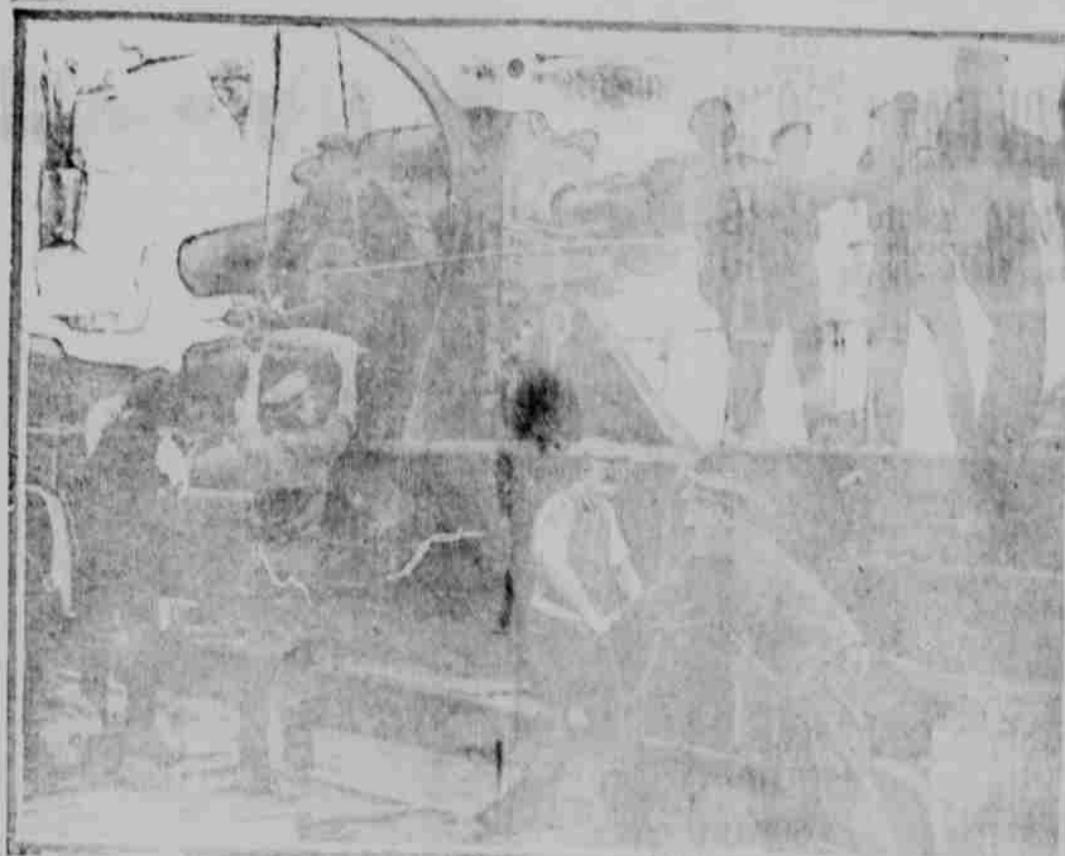

The Austrians and Germans in Galicia are still falling back before the advance of the Russians who according to Petrograd have made additional gains along the Sereth and Zeta Lipa rivers and have captured the strongly fortified town of Tustobaby, northwest of the Dniester.

On the upper Sereth, however, the Teutonic allies at some points on their newly chosen line are holding back the Russians with a vigorous artillery fire.

The surrender of Miriampol by the Austrians has enabled General Lechitzky to straighten the front of his advance toward Halicz, this now forming an almost direct east and west line only seven miles from that town at the nearest approach.

## BRITISH GUN MOUNTED ON RAILWAY CARRIAGE DRIVE BACK GERMANS

## WILSON HALTS TROOPMOVEMENT AS STRIKE LOOMS

CARDSMEN NEEDED TO PRESERVE ORDER SHOULD STRIKE MATERIALIZE

(By Associated Press)

Washington, Aug. 15.—Orders issued today by the remaining mobilized units of the national guard to proceed to the border, were suspended today by the War department.

No official explanation was made for the countermand, but it is known that the deficiency of the railroad situation is the moving consideration.

The suspension, which would move 45,000 troops, is not in indication that Wilson's negotiations in the strike zone has taken an unfavorable turn.

It is explained that it is considered undesirable that all troops remaining be moved to the border.

The car was almost upon the track and Weir in trying to back and turn out of danger, slid the machine off into a deep ditch turning it upside down.

It is also a possibility that some have been caught to guard or operate mail and supply trains in event of a general strike.

The order will prevent the immediate movement of the Kentucky, Ohio and Vermont units, now ready to march.

The ladies auxiliary to the order of Railway Conductors are sending an invitation to all railroad women and citizens for a street dance near Wheeler Park in Oklahoma Thursday evening, August 17th.

## GIRLS BLAME LOVE OF FINERY FOR THEFTS

TWO YOUNG WOMEN, ONE A BRIDE OF FEW MONTHS, ADMIT TAKING GOODS

Chicago, Aug. 15.—Two 19 year old girls were locked up in the South Clark street annex yesterday for the theft of articles of clothing from a State street department store. It was the old story of love of finery and ornament that they could not procure otherwise, they told the police with tears.

One of the girls, Mrs. Lena Kelly, is a bride of seven months, and she and her husband live at the home of her parents, 2038 Ogden avenue. The other, Miss Edna Keller, lives with her. Her parents live in South Haven, Mich.

They were taken into custody in the Boston store by Mrs. Laura Kane, a store operator. In a suit case, according to police, were found stolen furs, silk-waists, gloves and hose.

"It was the desire to dress like other girls," both said as they admitted the theft. Mrs. Kelly said her husband is out of work.

AMERICAN FARMERS ARE HARVESTING GOOD CROPS

COMMITTEE ON STATISTICS AND STANDARDS REPORT MOST ENCOURAGING

Washington, Aug. 15.—American business is so firmly established that the Presidential election in this country and the possible coming of peace to Europe will cause no apprehension, according to a commercial survey of the United States by the committee on statistics and standards of the chamber of commerce of the United States, of which A. W. Douglas of St. Louis is chairman. Mr. Douglas' report is one of the most reassuring documents on the business outlook made public for some time in Washington.

The survey of business and crop conditions by the Chamber of Commerce experts as made public today, is in part as follows:

"With the buying mostly for immediate needs and apparent little increase in consumption to be anticipated, the entire absence of any conditions of the effect upon business may be the best condition leading to the coming of peace in Europe, or in any other factors of possible deterioration. The presidential election year need not be regarded with apprehension by the industrial and commercial interests of the country."

BIRMINGHAM, Aug. 15.—The police have been ordered by Chief of Police W. B. Daniels to arrest persons found bathing in the city reservoir at the swimming station. The penalty for the offense is set at \$50 fine.

Recently about twenty girls belonging to the local swimming society of the city were on a swimming grade in around the city reservoir this month.
